

Canada Study Permit — Interview Questions & Sample Answers

Sample answers show the **style** officers like — short, specific and honest. Replace the details with your own true situation; never memorise someone else's story.

Q1. Why did you choose this programme?

Sample answer: The Post-Graduate Certificate in Supply Chain Management at Humber builds on my B.Com and two years in logistics, and includes a work-integrated learning component.

Tip: Connect course modules to your background.

Q2. Why Canada and not India?

Sample answer: Canadian programmes offer practical, industry-linked training with co-op that isn't easily available in India in this field.

Q3. How will you pay for your studies?

Sample answer: I have paid the first-year tuition, purchased a GIC for living costs, and my parents will support the rest.

Q4. What will you do after completing your studies?

Sample answer: I plan to return to India and join my family's logistics business, using what I learn to expand our cold-chain operations.

Tip: Show a realistic plan; your study plan should say the same thing.

Q5. Why this college?

Sample answer: Its programme has the specific modules I need, good co-op partners in Toronto and a lower tuition fee than comparable options.

Interview day tips

- Your study plan should be personal and specific — template SOPs are easy to spot.
- Make sure your PAL/TAL and LOA are from the same institution and intake.
- Check IRCC for the latest proof-of-funds amount; it's revised regularly.
